

Quality is not an accident,
It is always the result of an intelligent effort

Wire Mesh Trays and Baskets

Product Features:

Fortec International's instrument trays and baskets are designed to increase efficiency in your office. It will assist staff to effectively clean, sterilize, wrap, store and transport instruments. The trays and baskets are high quality and are extremely well priced.

Potential Benefits of Cassette System:

- Time Savings, resulting in increased revenue.
- Specific Procedure set up, helping keep instruments organized, and avoiding misplaced instruments
- Color coded per user and/or procedure set up
- Helps prevent damage to instruments, potentially increasing the life span of hand instruments
- Creates a Professional impression at chair side, giving clients confidence in an organized and efficient office
- Minimizes the handling of instruments, reducing the risk of injury or exposure
